

THE COURT FORBIDS INTIMIDATION

FIVE YEARS AT HARD LABOR FOR SOLDIER WHO INSULTED GIRLS

PRIVATE CUNNINGHAM OF FIFTH CAVALRY MUST GO TO ALCATRAZ ISLAND FOR DISGRACEFUL CONDUCT TOWARD TWO HAWAIIAN SCHOOL CHILDREN—CHASED THEM ON HORSEBACK AFTER HARRING THEIR WAY AND MAKING IMPROPER PROPOSALS.

Private Robert C. Cunningham, Troop K, Fifth Cavalry, U. S. A., has been sentenced by court martial to be dishonorably discharged from the service, forfeiting pay and allowances, and to be imprisoned at hard labor for five years for conduct to the prejudice of good order and military discipline, in violation of the 62nd Article of War, and for violation of the 39th Article of War.

Cunningham is at present held at the Schofield barracks, Lelohua, and will later probably be sent to Alcatraz to serve out his sentence.

Cunningham was charged with making an improper proposal to a Hawaiian school girl, Elizabeth Nalhe, while he was on duty as a member of the guard in charge of a military gate at the Lelohua cavalry camp, on the Lelohua-Waiawa road, in the morning of April 1, this year. He was charged with acting in an improper and indecent manner toward the young girl "to the scandal and disgrace of the military service of the United States."

He was further charged with preventing the girl from passing through the gate of which he was in charge, it being his duty to open and shut the gate and not to interfere with the

passage through the gate of any authorized individual. Cunningham was also charged with acting in an indecent manner toward another Hawaiian school girl, Elizabeth's companion, Emily Meheula about the same time and place.

He was further charged with mounting his horse, bareback, and following Elizabeth and Emily, being still further charged with deserting his post while on duty, being a sentinel on guard.

The sentence of the court martial was approved by headquarters, Department of California, on June 21. The Pacific branch of the U. S. military prison, Alcatraz Island, California, is designated as the place of confinement but the prisoner will be detained at Schofield barracks until further orders.

Private Warren A. Crandall, Troop A, Fifth Cavalry, was tried by court martial and found guilty of sleeping on post and sentenced to be dishonorably discharged and confined at hard labor for one year.

In view of Crandall's apparently good character, however, the sentence is mitigated to six months imprisonment and forfeiture of ten dollars a month for that period. The sentence will be executed at the station of his troop.

GIRL BREAKS PRISON; HIDES WITH CHINESE

SCALES FENCE OF REFORM SCHOOL AND IS HARBORED IN HOME OF ORIENTAL UNTIL SHE FEARS POLICE MAY FIND HER WHILE FERRETING OUT OTHER UNLAWFUL ACTS OF HER CELESTIAL HOST SURRENDERS.

Hilda Moku, Hawaiian girl, fourteen years of age, has of her own will, through fear, returned to the Girls' Industrial School from which she ran away the other day.

Her disappearance from the reform institution and the nature of her return reveals certain startling facts which will for a while keep the detectives, led by Chief Leal, hot on the trail of what may develop to be a sensational case of criminal influence.

Hilda's whereabouts since she ran away from the reform school was unknown to the people of the house of

An Injunction Against The Strike Leaders

JUDGE ROBINSON GRANTS TEMPORARY RESTRAINING ORDER FORBIDDING ALL INTERFERENCE WITH LABORERS DESIROUS OF WORKING ON OAHU SUGAR CO'S PLANTATION—THE JAPANESE NEWSPAPER NIPPUN JIJI MUST CEASE INCITING MEN TO DISTURBANCE.

At the suit of Oahu Sugar Company, Ltd., Judge Robinson at noon today granted a temporary injunction against the Higher Wage Association leaders, including the publishers and editors of the Nippun Jiji newspaper, restraining them from any and all kinds of interference with the business of complainants' sugar plantation and from incitement of others to such prohibited interference.

There were thirty-three respondents named in the petition, but service of summons failed in the case of eight. J. Lightfoot appeared as their attorney. E. C. Peters had been retained for one, but he was absent from the city and, when he returns tomorrow, will find it too late to do anything for his client. All four of the law firm of Kinney, Ballou, Prosser & Anderson were present on behalf of the complainant.

Lightfoot made an oral return to the summons. His objection that it was sought to enjoin the respondents from acts committed in the past led to a recess in which the petition was amended to cover only acts in the future. After, not a great deal of argument on either side, Judge Robinson ordered the temporary writ to issue, binding on the respondents until further order of the court. The injunction follows almost the exact language of the petition.

MAYOR SIGNS

Mayor Fern has signed the appropriation bill for the City and County expenses for the current six months. After the signed bill has been published for ten days, drafts upon it will be payable by the Treasurer. There will be just one week's delay in the first semi-monthly payday on labor pay-rolls.

STRAUS PAYS \$10 PER WORD

Attorney Straus added his own name to the list of offenders in police court this morning, being fined ten dollars for contempt of court in the use of a word that is as expressive as it is vulgar.

Straus was defending an alleged vagrant, Antoni Acosta, and Attorney A. M. Brown was prosecuting. Between questions the interpreter said something to Straus in an aside and, also in an aside, thought it was a stage whisper that was heard across the room. Straus made answer by the use of an exceedingly impolite though well understood word.

"What was it that Mr. Straus said to you?" asked Prosecutor Brown, addressing the interpreter. The interpreter, in a public voice, repeated the vulgarity.

When Judge Andrade fined the attorney for defendant ten dollars. Mr. Straus apologized to the court, speaking the truth when he declared that he had no idea of in any way connecting the expression he had used with the court, his remark being entirely outside of the case as far as the trial was concerned, merely being a private remark between counsel and his interpreter not intended to be heard.

Acosta's case went over till July 12. Chief of Detectives Joe Leal has certain things up his sleeve against the fellow, though the evidence as to his being a vagrant is as slim as skim-milk.

Sullivan, the hobo who has been demanding money of women in the absence of men-folks from their homes, had sentence suspended for thirteen months on the assurance that he was soon getting out of town as a sailor.

EX-TREASURER CAMPBELL, AGENT OF THE BOARD OF IMMIGRATION CABLES ANNOUNCING COMPLETE SUCCESS OF HIS MISSION IN WASHINGTON AND IS NOW STARTING FOR EUROPE AIDED BY A FEDERAL PHYSICIAN SPECIALLY DETAINED.

A cable was received by the Board of Immigration this morning from Special Agent Campbell, announcing the complete success of his mission as far as the Washington end is concerned, and his departure for Europe next week. The cable was from New York and read as follows: "Sail 14th full co-operation including doctor sending desirables only from San Francisco."

This means that Campbell has the co-operation of the United States government in his mission. It means that the government has not only approved and authorized the proposed immigration scheme, but that a medical officer of the Marine Hospital Service has been detailed to accompany Campbell to Europe and examine the immigrants before they leave.

The reference to the San Francisco "desirables" means that the Spaniards and others destitute there, who left Hawaii jobs to seek better pay on the Coast and became objects of charity, will be sent back except those among them who are not considered desirable.

Campbell's message, received this morning by Chairman Richard Ivers of the Board of Immigration, was very gratifying to the Board. It is a complete vindication of the acts and policies of the present Board, and apparently means that there are no obstacles at all now in the way of carrying out the immigration plan for which the legislature paved the way, and which Campbell has gone to carry out.

As a result, it is now thought that the near future will see many European immigrants headed this way.

WASHINGTON, July 9.—The Senate passed the tariff bill yesterday by a vote of 45 to 34.

MARTIAL LAW AT GLACE BAY.

GLACE BAY, Cape Breton Island, July 9.—Martial law has been declared in the coalfields.

Italians are probably the chief disturbing element in the labor troubles at Glace Bay, where troops are enforcing martial law. The place mentioned is one of the oldest coalfields on the island of Cape Breton which forms the extreme eastern section of Nova Scotia. There are many coal mines on the island and a large steel-making plant is established not far from Glace Bay. At Badddeck, on the same island, a village made famous through a book by Charles Dudley Warner

more than thirty years ago, Alexander Graham Bell, inventor of the telephone, has for many years maintained a splendid summer residence where he has been adding to his fame by experiments with kites and flying machines, as readers of the illustrated papers of New York are aware. There have been frequent labor troubles, besides the usual tale of mafia-like crime, in the Cape Breton coalfields ever since the introduction of Italian labor some years ago.
